

## 23321 KLI-G

TH35 rail-mounted voltage detector

LED light indicator is used to signal the status of electrical circuits.

### GENERAL DATA:

**Colour:** white

**Place of assembly:** rail TH35

**Number of fields:** 1

### TECHNICAL DATA:

**Rated voltage [V]:** 220-240 AC

**Rated frequency [Hz]:** 50/60

**Number of modules:** 1

**IP class:** 20
